# GROWING GREAT GARLIC

at The Frelinghuysen Arboretum

at The Frelinghuysen Arboretum  
53 East Hanover Avenue • Morris Township, NJ

Never again will you purchase those puny bulbs from the grocer's shelf. Learn how to get great garlic from your garden and purchase individual cloves of unusual varieties from Mexico, Poland, China and other garlic loving places. Liquid seaweed, vodka, rubbing alcohol—who knew that these products made for healthy, mammoth heads of garlic? Plant now and harvest in July.

Superintendent of Horticultural Education Lesley Parness will ply you with samples of garlic bread in order to get you to help her plant her garlic garden!
