

Gardening *without a Garden*

The Art of Gardening in Containers

at Willowwood Arboretum

300 Longview Road • Chester Township, NJ 07931

Container plantings can accent an existing garden, dress up a doorway, or be used to create an entire garden or terrace. They can fill bare spots in the sunny garden with a burst of color or lighten a shady garden with variegated foliage.

Potted gardens offer all gardeners versatility and portability. Please join Beth Riley, owner of The Potted Garden as she discusses and demonstrates the basics of container gardening using gorgeous Siebert & Rice containers.

This class is being held in the Stone Barn at Willowwood Arboretum.
