

Grow Your Groceries

at The Frelinghuysen Arboretum
353 East Hanover Avenue • Morris Township, NJ 07960

Jeanne Lardino, Frelinghuysen Arboretum Gardener and Chef and Master Gardener Cynthia Triolo team up to present new programs focusing on the Barkman Vegetable Garden.

We look at vegetables at their peak in the garden and discuss their requirements for optimal growth. Tips on harvesting, recipes to share, and storage information, too!

Early Summer Vegetables

We kick off our new garden series with a talk on spring bulbs. There are many that can be planted now and many that are coming into bloom. We discuss both while strolling through the arboretum to see them first hand and send you home with a sample to plant in your own landscape. Wear your walking shoes.

Saturday, July 22
register by July 15

Culinary Herbs

You will be amazed at how easy it is to grow potatoes in a variety of containers you probably already have at home. Garbage cans, burlap sacks, plastic barrels—all work well for all types of potatoes. Bring gloves so you can help us get growing.

Saturday, August 19
register by August 12

Preserve Your Harvest

Tour our herb garden and discover unusual herbs like germander and chervil growing alongside some great varieties of old favorites. Discuss how to grow them, when to harvest them, and how to store them.

Saturday, September 23
register by September 16

10 am - 11:30 am
\$12 members / \$15 non-members

This program is eligible for 1.5 Rutgers Master Gardeners CEU's
