

Herb Liberation

by Karen Bussolini

at The Frelinghuysen Arboretum
353 East Hanover Avenue • Morris Township, NJ 07960

Herbs are such beautiful plants, useful in the garden as well as kitchen, so why sequester them in the herb garden? Use herbs throughout the landscape, in flower gardens, in vegetable gardens (to attract pollinators and other beneficial insects), as ground covers, specimens, in containers.

Karen Bussolini brings this lively lecture on the topic of all things herb. Karen has been a gardener all her life and specializes in garden photography, writing, speaking and eco-friendly garden coaching/design. She is a NOFA (Northeast Organic Farmers Association) Accredited Organic Land Care Professional. Her garden has been featured in many publications.
