1:00 PM Program **Linda Pastorino** of the Home Garden Club of Morristown

will present a program on grottos, follies, floral baskets and created whimsies produced between the 18th / 19th centuries by achitects, artists, and Victorian Woman .

These works have captivated viewers for centuries. Learn how shell collecting was put to use in such items as shell valentines, domed Victorian curios, and garden follies and learn why they are highly prized by collectors.

Linda will showcase present day artists who have recreated and reinvented neo traditional shell art work including her own work. A small show and tell and further reading list will be included.
