

The Wonder of Wales - Garden Tour 2019

There is nothing quite like the scenic beauty of Wales. A country known for its majestic mountains, lakes, forests and stunning coastlines, it is also home to some of the finest gardens within the British Isles. Join the Friends in late May - early June 2019 as we travel from the mountains of Snowdonia to the seaside coast and beyond, visiting an outstanding mix of public and private gardens both large and small. The gardens chosen for our itinerary represent an extensive array of historical garden designs and include features such as herbaceous borders, parterres, terraces, cascades, champion trees, laburnum arches and much more. If you are interested in this trip, please continue to check our website at www.arboretumfriends.org where additional information will be posted as plans develop. **Note:** you must be a Friends member to participate in this activity. To become a member visit our membership page at www.arboretumfriends.org/BenefitsHowTo and select membership level.
