The Friends of The Frelinghuysen Arboretum

Morris County is home to an astounding variety of Community Gardens. Their histories, planting paradigms, vegetables and gardeners create a green tapestry across our map.

You can view many of these gardens at their mid-summer height and speak with the gardeners at these special places during the Morris County Community Garden Open Gates Weekend.

This weekend long event is funded by The Friends of The Frelinghuysen Arboretum with the proceeds of a recent 5% Day at Whole Foods of Morristown. Its goal is to showcase the beauty and diversity of Community Gardens by opening their usually "closed to the public" gates.

From gardening demonstrations and vegetable tastings, to Community Food Pantry connections, you will enjoy discovering what is growing in Community Gardens across our county. Morris County Rutgers Master Gardeners will be on hand with their timely information sheets and lots of practical advice for growing your own food. Whole Foods of Morristown will provide light refreshments.

If you are a practiced vegetable grower, this is your field day for getting out and seeing what your comrades have achieved. If you are a beginner, come and learn from real gardeners. And, if you and your family are just beginning to think about growing your own food, Morris County Community Garden Open Gates Weekend is the perfect initiation into the rewarding world of vegetable gardening.

Plan your trip to multiple gardens by using our website. Check arboretumfriends.org for more detailed information, including maps and directions to the participating gardens. It's FREE and no registration is required.

Dates: Saturday, July 30 from 9:00 am – 1:00 pm and Sunday, July 31 from 1:00 pm – 5:00 pm

notes from the board

On April 11, the Friends were pleased to add two new trees to the Frelinghuysen Mansion Lawn in honor of this year's Arbor Day Award winners. Kay Deodene has been caretaker of the Friends' lending library for more than a decade, overseeing the cataloging and maintenance of the books. Kay also finds time to help out at many other Friends events. Karen Muccillo has provided a friendly face and endless information to visitors from her reception desk at the Haggerty. In addition, most of the notices, handouts and posters that are sent out to members are the result of Karen's prodigious talent in graphic design. Thank you and congratulations to both ladies!

By the time you receive this newsletter, my term of office as President will be ending. I would like to extend my deepest thanks to all those who gave me endless support in my efforts to guide this organization over the last three years. The wonderful staff of the Horticultural Education Department, the loyal employees of the Friends, and the members of the Executive Board all worked long and hard and helped make this job easier. Welcome to new officers Pam Venanzi as Secretary, Betsy Martone as Vice-President, and Judy Snow as President. I leave you all in the very best of hands.

Sally Hensen
Past President

Greetings to all, and heartfelt thanks to Sally for her hard work and dedication throughout her extended term as President. Fortunately she will remain on the Board and continue to support the Friends with her expertise. I've been a member of the Friends for almost 20 years, joining the Board in 2014 after retiring from Rutgers University. I have degrees in Botany and Horticulture, as well as experience in research administration to complement the skills of our talented board members and dedicated staff. Most of all, I'm crazy about plants and gardening. If I had a bumper sticker on my car, it would read "I'd rather be gardening!" I look forward to working with all of you who help make the Arboretum the outstanding horticultural gem that it is.

Judy Snow
President

Assistant Superintendent of Horticulture, Anthony Lipovsky assists Arbor Day Award winners, Kay Deodene (above) and Karen Mucillo (at right) planting their trees on the Frelinghuysen Mansion lawn.

Would you like to receive a paperless version of Arboretum Leaves & the Annual Report?

Help us go green, and get your Arboretum Leaves sooner!

If you would like to receive Arboretum Leaves via email, please contact Cynthia Triolo at ctriolo@morrisparks.net with your preferred email address. You will receive the next issue of Arboretum Leaves as a PDF instead of receiving a paper copy in the mail. PDFs will be emailed on the same day that the paper copies are mailed, so you will get Arboretum Leaves first!

*Summer Botanicals
Photography Workshop*

The Summer Botanicals Photography Workshop, led by professional nature photographer and Navy Veteran Richard Sherman, (www.richardshermanphotography.com) starts in the classroom. Here you will learn the keys to improving your floral and nature images. Richard covers color, balance, light/shadow, and macro photography. Then, put what you have learned into practice while shooting the Arboretum's grounds and gorgeous summer flowers. The workshop will wrap up back in the classroom with a review of some of the images you have taken.

*Bead Weaving Workshop:
Chevron Poppy Bracelet*

Janet Palumbo and Reem Iversen have been teaching bead weaving for many years with a devoted following and rave reviews. They also teach workshops at Bead Fest Philadelphia, the biggest bead event on the east coast. Their original designs have been published in various beadwork magazines here in the U.S. as well as internationally.

Using the tools and materials provided, workshop participants will complete this dainty bracelet, while learning the basics of bead weaving. A flower button clasp, with a Swarovski crystal center, adds the finishing touch to this garden trellis for your wrist. Learn both flat and circular chevron stitch. Topics will include: tools, materials, and resources; bead colors and finishes; understanding beading patterns and terminology; and making creative decisions. Class is suitable for beginner and intermediate beaders.
