## notes from the board

Summer is finally on the way, after one of the coldest springs in memory. We're all out in the garden cleaning up, catching up, and checking on our new acquisitions from the plant sale. Most of us are not thinking about **legal matters** right now. However, it's important for our organization to periodically update its documents and comply with New Jersey regulations for non-profit corporations, which changed in 2013. Our original Certificate of Incorporation, filed in 1973, needs to be amended. This requires a vote by a majority of our membership, meaning that at least 501 of our 1,000 members must vote or send in proxy cards. You'll be hearing from me soon (if you haven't already) with more details about the process. The key point is that mailings are costly, (and email votes are not legally permissible), so please help us by responding as soon as possible. The Board needs your help to streamline the Friends' operations and bring us into compliance with New Jersey non-profit laws.

With that business taken care of, let's turn to more entertaining events. The whole family will enjoy the free **"Open Gates"** program July 14 and 15. Roughly a dozen community gardens around Morris County are participating and open to the public for the third year of this popular event, including the large garden across from the Arboretum. Be amazed by the variety of familiar and exotic vegetables and herbs grown. Community gardens are a great place to make new friends, and to share tips and produce. See the website for details about participating gardens: [arboretumfriends.org/events](http://arboretumfriends.org/events)

*Arbor Day honorees: Ilona Ontscherenki and Cynthia Triolo*

Saving the best for last, the Friends honored long-time staff and volunteers at the **Arbor Day Awards** ceremony April 16. **Ilona Ontscherenki** is a Friends Board member and tireless Chair of the Plant Sale. **Cynthia Triolo** is a MCPC Staff Member best known for her cooking classes, but who also coordinates programs and manages community garden affairs. A celebration luncheon was held at the Arboretum and Dogwood trees were planted on the Arboretum grounds in their honor. The tree planted for Ilona is a Cornus cv. Constellation. Cynthia's tree is a Cornus cv. Aurora. Both are outstanding selections from the Rutgers University breeding program of Dr. Elwin Orton. Congratulations and thanks to Ilona and Cynthia. We sincerely appreciate all that they do for the Friends.

Writing Haiku is one of the traditional arts and what better milieu to compose this spare and uncluttered form than in the gardens of The Frelinghuysen Arboretum. Our goal in composing haiku is to focus on that particular event, that haiku moment... as we practice different techniques in crafting these spare portrait miniatures. Please bring pen and notebook to the workshop. Dr. Deborah Gerrish is the author of three collections of poems, *Light in Light*, *The Language of Paisley*, and *The Language of Rain*. Her award-winning poems have appeared in many journals, anthologies, and reviews. ### *Zucchini-Palooza!*

All vegetable gardeners know that at this time of year zucchini can tend to take over the garden.

Even though they might diligently peer under the large leaves on a daily basis, looking for those that are ready to harvest, some always seem to escape notice and grow to monstrous proportions! Other times the plants are so productive that you don't know what to do with all that squash. That's why “National Sneak a Zucchini Onto Your Neighbors' Porch Day” was created by radio host Tom Roy. This humorous holiday is celebrated each year on August 8th.

For a unique way to celebrate, join the horticulture education staff at the Frelinghuysen Arboretum on August 5 from 1 to 4 pm for the 2nd annual Zucchini-Palooza, a fun-filled event centered around this versatile veggie! Create and race zucchini cars, design unique art at a “Zucchini Baby” station, or try your hand at the Squash Toss game to see if you can hit the target and win a prize. Then try out the Zucchini Catapult to see the squash fly! Learn how to grow summer squash, save the seeds, and plan for next year's garden or make your own Zoodle salad with a vegetable spiralizer. Tour the Vegetable Gardens and ask the gardeners for tips, or try your hand at the squash-themed scavenger hunt.

Admission is \$2 per person and no preregistration is necessary.

For more information, please visit [morrisparks.net](http://morrisparks.net) or call 973-326-7601.
